Explanation of Appropriations for "Other Expenses"

The amounts appropriated under the title of "Other Expenses" are for operating costs other than "Salaries and Wages".

Some of the items included in "Other Expenses" are:

Material, supplies and nonbondable equipment.

Repairs and maintenance of buildings, equipment, roads, etc.

Contractual services for garbage and trash removal, fire hydrant service.

Printing and advertising, utility services, insurance and many other items essential to the services rendered by municipal government.

The 1961 Annual Budget proposes appropriations for Town Purposes totalling \$3,997,049.56, an increase over 1960 of \$436,606.58. \$182,373.00 of the above amount will provide for a general adjustment in salaries-wages of \$300.00 annually and permissive pay increments for those employees still within salary ranges. Funds are also provided for eight additional men in both the police and fire departments, as well as, two supervisory personnel in the Public Works Maintenance Department.

Appropriations under Other Expenses are increased by \$37,414.75 to offset higher operating charges of outlet sewers, improved street lighting, necessary new equipment and/or replacement, Public Library requirements and unusual snow conditions.

Increased appropriations, amounting to \$38,852.58, were necessary in the Capital Improvement Fund, Deferred Charges and Statutory Expenditures, in anticipation of greater need, increased pension costs and higher social security payments.

Municipal Debt Service costs increased by \$5,726.31 and it was necessary to provide an additional \$172,239.94 for School Debt Service in the Municipal Budget to offset higher

amortization costs by reason of the recent school rehabilitation and construction program.

Offsetting the above increased appropriations is an increase of \$139,359.93 in anticipated General Revenues for 1961.

The Reserve for Uncollected Taxes in this Budget is computed at 91.64% and amounts to \$681,251.91.

By appropriating \$752,000. from Surplus Revenue Funds, the same as in 1960, the amount to be raised by taxation for 1961 is \$8,148,946.28.

In 1960 the amount to be raised by taxation was \$8.15 per \$100.00 of assessed valuation, based on a total net valuation of \$92,002,18.00.

Due to the completion of a recent re-evaluation program embracing all classes of real property in the Town, the total net valuation for 1961, based on an established ratio of assessed to true value of 50%, amounts to \$134,194,648.00.

The estimated Tax Rate for 1961 is \$6.07 per \$100.00 of assessed value and is broken down as follows:

<u>Purpose</u>	<u>1961</u>	<u>Estimated Tax Rate for 1961</u>

The Town Clerk stated that he was in receipt of written objections to the transfer of the aforementioned license. One of these objections was a letter, dated February 11, 1961, from Leonard Lentz of Imperial Liquors, Inc., 1100 Broad Street, Bloomfield, N.J., and the second was a letter, dated February 13, 1961, from Leonard Brass of the Essex County Retail Liquor Stores Association.

The Town Clerk stated that he had served, by registered mail, return receipt requested, notice of the hearing on the transfer upon the applicant and upon the objectors.

9:35 P.M.

The Town Clerk placed on file the application, an affidavit of publication and all pertinent correspondence.

Mr. William L. Dill, an attorney, appeared on behalf of the applicant, The Great Atlantic & Pacific Tea Company.

Mr. Leonard Brass, an attorney, appeared on behalf of Mr. Leonard Lentz.

After opening statements by both counsel, Mr. Brass called as his first witness Mr. Joseph Aumann, 23 Carol Place, Bloomfield, N.J., who was duly sworn and thereupon testified in objection to the transfer.

Mr. Brass called as his second witness Mr. Leonard Lentz, 26 Brookdale Road, Bloomfield, N.J., who was duly sworn and thereupon testified in objection to the transfer.

Mr. Dill called as his first witness Mr. Lester J. O'Brien, 18 Hoffman Street, Maplewood, N.J., who was duly sworn, identified as a Real Estate Manager for The Great Atlantic & Pacific Tea Company and thereupon testified in support of the application for transfer.

Mr. Brass submitted on behalf of the objectors a petition entitled:

"We, the undersigned, being residents and property owners in the immediate vicinity of premises known and designated as 1115 Broad Street, Bloomfield, New Jersey, hereby register our objections to the transfer of a warm beer license to these premises.

Firstly, we are objecting to the sale of alcoholic beverages in a super-market where the undersigned and other residents of the area will shop for the necessities of life.

We further object on the grounds that, at 1109 Broad Street, Bloomfield, New Jersey, is located Imperial Liquors, which sells all types of alcoholic beverages, including iced and warm beer and, in addition, there are sufficient outlets in the area to more than accommodate the needs and necessities of this area. It is also noted that the Imperial Liquors is approximately 100 feet from the proposed new location and there is no need for two licenses within this distance. We also object on the grounds that this area is primarily a residential area and should not be saturated with the sale of alcoholic beverages.

We also object, since this proposed location is too close to Watchung Presbyterian Church and children and women from the area will be the largest percentage of persons frequenting the supermarket."

Mr. Lentz stated that the petition had been circulated by himself in his store and also on the outside.

The Town Council recessed.

The Town Council reconvened at 11:55 P.M.

Mr. Schroeder moved the following resolution be adopted:

Explanation of Appropriations for "Other Expenses"

The amounts appropriated under the title of "Other Expenses" are for operating costs other than "Salaries and Wages".

Some of the items included in "Other Expenses" are:

Material, supplies and nonbondable equipment.

Repairs and maintenance of buildings, equipment, roads, etc.

Contractual services for garbage and trash removal, fire hydrant service.

Printing and advertising, utility services, insurance and many other items essential to the services rendered by municipal government.

The 1961 Annual Budget proposes appropriations for Town Purposes totalling \$3,997,049.56, an increase over 1960 of \$436,606.58. \$182,373.00 of the above amount will provide for a general adjustment in salaries-wages of \$300.00 annually and permissive pay increments for those employees still within salary ranges. Funds are also provided for eight additional men in both the police and fire departments, as well as, two supervisory personnel in the Public Works Maintenance Department.

Appropriations under Other Expenses are increased by \$37,414.75 to offset higher operating charges of outlet sewers, improved street lighting, necessary new equipment and/or replacement, Public Library requirements and unusual snow conditions.

Increased appropriations, amounting to \$38,852.58, were necessary in the Capital Improvement Fund, Deferred Charges and Statutory Expenditures, in anticipation of greater need, increased pension costs and higher social security payments.

Municipal Debt Service costs increased by \$5,726.31 and it was necessary to provide an additional \$172,239.94 for School Debt Service in the Municipal Budget to offset higher

amortization costs by reason of the recent school rehabilitation and construction program.

Offsetting the above increased appropriations is an increase of \$139,359.93 in anticipated General Revenues for 1961.

The Reserve for Uncollected Taxes in this Budget is computed at 91.64% and amounts to \$681,251.91.

By appropriating \$752,000. from Surplus Revenue Funds, the same as in 1960, the amount to be raised by taxation for 1961 is \$8,148,946.28.

In 1960 the amount to be raised by taxation was \$8.15 per \$100.00 of assessed valuation, based on a total net valuation of \$92,002,18.00.

Due to the completion of a recent re-evaluation program embracing all classes of real property in the Town, the total net valuation for 1961, based on an established ratio of assessed to true value of 50%, amounts to \$134,194,648.00.

The estimated Tax Rate for 1961 is \$6.07 per \$100.00 of assessed value and is broken down as follows:

<u>Purpose</u>	<u>1961</u>	<u>Estimated Tax Rate for 1961</u>
Town	\$2,412,098.79	\$1.79
School	3,874,634.49	2.89
County	<u>1,862,213.00</u>	<u>1.39</u>

WHEREAS, Senate Bill No. 102 relates to the construction of the East-West Freeway (Interstate Highway Route 280) in the easterly section of Essex County by authorizing the New Jersey Highway Authority (a) to make contributions towards the cost of State highway projects of this nature and (b), if and when its necessary \$13,000,000.00 contribution toward this interstate route has been made, to control or exclude the toll-free riders in Essex County and enabling the Authority to plan, finance and construct interchange between the Parkway and the East-West Freeway, together with the access, ramp and plaza alterations incidental thereto, and undertake improvements in the toll-free marginal roads and the connections with municipal and county streets; and

However, the only place to connect the fire hoses was in Sylvan Road, almost 300 feet from the

Explanation of Appropriations for "Other Expenses"

The amounts appropriated under the title of "Other Expenses" are for operating costs other than "Salaries and Wages."

Some of the items included in "Other Expenses" are:

Material, supplies and nonbondable equipment.

Repairs and maintenance of buildings, equipment, roads, etc.

Contractual services for garbage and trash removal, fire hydrant service.

Printing and advertising, utility services, insurance and many other items essential to the services rendered by municipal government.

The 1961 Annual Budget proposes appropriations for Town Purposes totalling \$4,019,049.56, an increase over 1960 of \$458,606.58. \$185,673.00 of the above amount will provide for a general adjustment in salaries-wages of \$300.00 annually and permissive pay increments for those employees still within salary ranges. Funds are also provided for eight additional men in both the Police and Fire Departments, as well as, two supervisory personnel in the Public Works Maintenance Department.

Appropriations under Other Expenses are increased by \$72,114.75 to offset higher operating charges of outlet sewers, improved street lighting, necessary new equipment and/or replacement, Public Library requirements, unusual snow conditions and planning services.

Increased appropriations, amounting to \$22,852.58, were also necessary to cover Capital Improvements, Deferred Charges and Statutory Expenditures.

Municipal Debt Service costs increased by \$5,726.31 and it was necessary to provide an additional \$172,239.94 for School Debt Service in the Municipal Budget to offset higher amortization costs by reason of the recent school rehabilitation and construction program.

Offsetting the above increased appropriations is an increase of \$139,359.93 in anticipated General Revenues for 1961.

The Reserve for Uncollected Taxes in this Budget is computed at 91.64% and amounts to \$681,251.91.

By appropriating \$752,000. from Surplus Revenue Funds, the same as in 1960, the amount to be raised by taxation for 1961 is \$8,153,446.28.

In 1960 the amount to be raised by taxation was \$8.15 per \$100.00 of assessed valuation, based on a total net valuation of \$92,002,018.00.

Due to the completion of a recent re-evaluation program embracing all classes of real property in the Town, the total net valuation for 1961, based on an established ratio of assessed to true value of 50%, amounts to \$134,194,648.00.

The estimated Tax Rate for 1961 is \$6.07 per \$100.00 of assessed value and is broken down as follows:

<u>Purpose</u>	<u>1961</u>	<u>Estimated Tax Rate for 1961</u>
Town	\$2,434,098.79	\$1.81
School	3,857,134.49	2.87

Gentlemen:

You are aware Bloomfield Board of Health in January obtained thirty-six convictions in Bloomfield Magistrate's Court against Forest Hill Manor, Forest Hill Apartments and Forest Hill Terrace.

These cases were appealed by the defendants to the County Court. Trial thereof began Monday, March 27 before Judge John F. Crane. Trial of these cases concluded late Wednesday afternoon, March 29 and sentencing was set for 10:30 the next morning.

The defendant appellants were convicted in thirty-one of the thirty-six cases and the penalties of the Magistrate's Court were in general sustained.

There were ten convictions in February of violations which occurred the previous month and in which cases Bloomfield Magistrate's Court imposed penalties and costs of \$725. Notice of appeals had also been served in these cases. Testimony in these cases was tape recorded and after County Judge John F. Crane had directed the defendant appellants to assume the cost of transcript of the record, the appeals were not continued and the check for penalties and costs has been received in the Magistrate's Court.

The Town Clerk read the following letter:

"March 30, 1961

Mayor Walter S. Steinmann and Town Council
Municipal Building
Bloomfield, New Jersey

Gentlemen and Mrs. Jewkes:

The Supreme Court of New Jersey has recently decided as a matter of policy that it is not conducive to the maintenance of public respect for the judiciary for a judge of a Municipal Court to be associated in the practice of law, whether as partner, employer, employee or office associate, with a member of the governing body of the same municipality. The Court has advised all judges of the Municipal Courts that if such a situation presently exists arrangements should be made for its prompt termination.

My association with Municipal Judge James N. Marinello comes within the purview of this pronouncement.

The Supreme Court of New Jersey has rule-making authority applicable to all courts and it has exclusive jurisdiction over the discipline of the members of the bar. It is the duty of the judge and the lawyer to maintain toward the Court an obedient and respectful attitude at all times.

Compliance with the Supreme Court request can be effected - by a dissolution of our law partnership - the resignation of the magistrate - or my resignation from the Town Council. Since a dissolution of the partnership would require a long

period of time, this would not please the Court. Needless to say, Mr. Marinello has indicated his willingness to resign. However, fair play dictates that I resign instead, since his appointment is recent and I have already served the Town for over five years.

Accordingly, I hereby tender my resignation as a member of the Town Council of Bloomfield, effective April 30, 1961. I trust this will allow ample time for the appointment of my successor and will enable me to bring about an orderly withdrawal from my office.

Very truly yours,

/s/ Jack J. Soriano

facilities for the disposal of solid waste collected in these municipalities; and

WHEREAS, there is a pressing need for governmentally owned or controlled solid waste disposal sites due to (1) recent state requirements for sanitary land fill or incineration for disposal of solid waste, (2) a near monopoly control of presently available solid waste disposal sites by private contractors without regulation of rates and with consequent ability on their part to obtain excessive charges for use thereof, and (3) the apparent significant increase noted in the costs of collection and disposal of solid waste among the various municipalities; and

WHEREAS, an interim report of the Attorney General of the State of New Jersey has emphasized the significance of the scarcity of solid waste disposal sites and the near monopoly control thereof by private contractors in minimizing competition in the bidding and awarding of contracts for municipal collection and disposal of solid waste with consequent unwarranted increase in the costs thereof to municipalities; and

WHEREAS, the committee of municipal representatives above mentioned has determined that joint municipal cooperation in the form of a joint meeting can successfully and economically undertake to provide a solid waste disposal system for the use and benefit of this municipality and others and in connection with such determination has obtained the enactment of New Jersey Laws 1960, Chapter 3, amending and supplementing the "Consolidated Municipal Service Act" of 1952 authorizing the

establishment of a joint meeting for such purpose through the adoption of ordinances authorizing the entering into a joint contract; and

WHEREAS, the successful defense of such suit is a matter of concern and importance to this municipality in view of its adoption of a similar ordinance on March 6th, 1961, under the authority of the same provisions of the statutes of the State of New Jersey; and

WHEREAS, the above mentioned committee of municipal representatives has by resolution adopted April 18th, 1961, determined that it is in the best interests of all of the

municipalities represented thereon that the municipalities undertake concerted action to defend the suit in which the City of Orange is named a defendant, and has recommended that all of said municipalities take concurrent action to retain its counsel, William P. "October 11, 1961

Mr. H. Joseph North, Town Clerk
Town of Bloomfield
Municipal Building
Bloomfield, New Jersey

Dear Sir:

In the almost 2 years that I have served the Town of Bloomfield as its Mayor, I have not previously invoked my power of veto. The veto power, in my opinion, should be used with the utmost discretion and only with respect to matters of major importance to the welfare of the community.

Such a matter is now before me. I refer to an ordinance entitled "An Ordinance to Amend An Ordinance Entitled 'An Ordinance Regulating the Fire Department of the Town of Bloomfield', adopted April 18, 1938", passed by the Bloomfield Town Council by a 4 to 3 vote at its meeting of October 2, 1961.

This ordinance if permitted to take effect would promote without examination all 14 of the present fire lieutenants to the rank of captain, making a total of 20 captains in the Bloomfield Fire Department.

On November 7, 1961, less than one month from today, the voters of Bloomfield, as the result of a resolution passed unanimously by the Bloomfield Town Council on September 7, 1961, will decide by referendum whether the personnel of the Bloomfield Fire Department is to be increased in order that a 42 hour duty week

may be substituted for the present 56 hour duty week. If this referendum is approved by the voters of Bloomfield it will necessitate an increase in personnel not only among firemen but also among the officer ranks.

Until the result of the November 7th referendum is known, with its consequent effect on the personnel needs of the Fire Department, any re-organization of the Fire Department such as contained in the subject ordinance is premature.

Therefore, I am returning unsigned and am invoking the power of veto vested in me as the Mayor of the Town of Bloomfield with respect to the ordinance adopted October 2, 1961 by the Bloomfield Town Council, entitled "An Ordinance to Amend An Ordinance Entitled 'An Ordinance Regulating the Fire Department of the Town of Bloomfield', adopted April 18, 1938", on this the 11th day of October 1961.

Very truly yours,

/s/ Walter S. Steinmann
